Dear Student,

Welcome to the College at the University of Chicago! On behalf of the College Academic Advising Office, I want to congratulate you on your decision.

Now that you have created your CNet ID, it is time to look ahead to Autumn Quarter and Pre-Registration, the process by which you will request your preferred courses for the upcoming term. To help you stay on track during the summer, I encourage you to use the monthly to-do lists.

Everything you need for Pre-Registration can be found on our New Student Advising website. It walks you through the steps required to prepare properly for the course request process, including:

- Complete the Mathematics Placement Test and any other relevant placement tests by **July 19**;
- Submit AP and IB scores to UChicago (CEEB #1832) by **July 19**;
- Work through the sample first quarter schedule and complete the Registration Planner;
- Complete required meeting with your Assigned Summer Adviser by August 1
- You will pre-register for courses in one of two windows, assigned as follows:

<table>
<thead>
<tr>
<th>Students with UCID numbers ending in...</th>
<th>Request Autumn courses between...</th>
</tr>
</thead>
<tbody>
<tr>
<td>0, 2, 4, 6, 8</td>
<td>Monday, August 5 at 9:00 am CDT and Friday, August 9 at 5:00 pm CDT</td>
</tr>
<tr>
<td>1, 3, 5, 7, 9</td>
<td>Monday, August 12 at 9:00 am CDT and Friday, August 16 at 5:00 pm CDT</td>
</tr>
</tbody>
</table>

After both windows close, our registration system will create schedules for all incoming students by attempting to maximize your top choices based on seat availability. Please know that your course requests are not prioritized based on the timing of their submission, so neither your window assignment nor the timing of your submission will impact the likelihood of getting courses you have requested.
Please note: the Mathematics, Chemistry, and Language placement tests will be available through Canvas shortly. You will receive an invitation to these tests as soon as they are ready.

Over the summer, you will work with your Assigned Summer Adviser during your required summer meeting and as additional questions arise as you prep for registration. You will receive more information about your summer adviser during the last week of June. You will learn about your assigned College Adviser in September, but in the meantime, your summer adviser is available to answer questions by email, phone, skype, or in person.

Again, welcome. We look forward to meeting you soon!

Kathleen A. Forde
Director of the College Academic Advising Office
Senior Associate Dean of Students
