Dear Student,

Welcome to the College at the University of Chicago! On behalf of the College Academic Advising Office, I want to congratulate you on your decision.

Now that you have created your CNet ID, it is time to look ahead to Autumn Quarter and Pre-Registration, the process by which you will request your preferred courses for the upcoming term. To help you stay on track during the summer, I encourage you to use the monthly to-do lists.

Everything you need for Pre-Registration can be found on our New Student Advising website. It walks you through the steps required to prepare properly for the course request process, including:

- Complete the Mathematics Placement Test and any other relevant placement tests by **July 23**;
- Submit AP and IB scores to UChicago (CEEB #1832) by **July 23**;
- Meet with your Academic Adviser between **June 28-August 13**.

**All incoming students will participate in two rounds of course selection for Autumn Quarter classes:**

- **June 21-25**, when you will submit your Humanities sequence preferences.
- **August 16-20**, when you will request the rest of your courses.

Instructions and resource materials (including invitations to webinars and instructional videos) for requesting your preferred Humanities sequences will be available in the coming weeks.

Instructions for the second round (August 16-20) will be available closer to the date.

After Pre-Registration closes, our registration system will create schedules for all incoming students by attempting to maximize your top choices based on seat availability. Please know that timing of your submission has no impact on the likelihood of getting courses you have requested.

**Please note:** The Mathematics, Chemistry, and Language placement tests will be available through Canvas shortly. You will receive an invitation to these tests as soon as they are ready on or around May 18, 2021.
Over the summer, you will work with your Academic Adviser during your required summer meeting, and as additional questions arise as you prep for registration. You will receive more information about your adviser late June. Your adviser will be available to answer questions by email, phone, or Zoom.

Again, welcome. We look forward to meeting you soon!

Kathleen A. Forde
Director of the College Academic Advising Office
Senior Associate Dean of Students
