JOIN A TEAM OF ART ENTHUSIASTS!

Arts Liaisons are students who work closely with each other and Logan Center staff to connect other students to arts events on campus and across the city.

- Gain valuable hands-on experience and professional skills in arts programming
- Build personal relationships with UChicago Arts staff
- Connect with leading arts and cultural institutions in Chicago
- Get behind-the-scenes visits to campus arts partners like the Smart Museum, Court Theatre, the Oriental Institute, and off-campus partners like the Art Institute
- Be the first to hear about exciting events off campus

Arts Liaisons come from all back-grounds, years, and majors. If you have a love for the arts and a can-do attitude, you should apply! If you are:

- A self-starting team player who is enthusiastic about using the arts to enrich the campus community
- A team-oriented collaborator who can commit to attending four meetings per quarter and function as an active participant of the group
- Able to think creatively to plan and market at least one on-campus Liaison-led events per quarter

We want to hear from YOU!
