The University of Chicago
Guide to UChicago Student Wellness
2022–23
Dear Students,

Welcome to the University of Chicago!

We believe good health is essential for academic success. Through UChicago Student Wellness, you have access to coordinated and comprehensive services targeted at building and maintaining overall wellbeing.

At UChicago Student Wellness, our mission is to provide comprehensive health, counseling, and wellness services to support your academic, personal, and professional endeavors. With a focus on health promotion and education, we accomplish our work collaboratively, through a talented and diverse team committed to delivering high-quality, inclusive care.

This guide provides an overview of the medical, counseling, and health promotion services; an explanation of covered services for students enrolled in an eligible program of study; and a brief overview of the University Student Health Insurance Plan (U-SHIP). We encourage you to visit wellness.uchicago.edu for additional details, or to contact us if you have questions. You will find contact information related to all of our services in this guide.

We hope that you make your health and wellbeing a priority during your time at UChicago. The staff at UChicago Student Wellness is eager to serve you, and we look forward to meeting you!

Best of health,

Michele A. Rasmussen
Dean of Students in the University

Student Insurance: Monday–Friday, 8 a.m.–4:30 p.m.

Duchossois Center for Advanced Medicine (DCAM) Pharmacy
5728 S. Maryland Ave.

Emergency Room
5656 S. Maryland Ave.
General Overview

Campus and Student Life (CSL) oversees student health, counseling, and wellness services at the University of Chicago.

Healthcare for students is coordinated through UChicago Student Wellness. Access to services at UChicago Student Wellness is covered at no cost for students who are enrolled in eligible programs.

This guide summarizes the services available to you through UChicago Student Wellness and serves as a useful reference for using those services effectively. More detailed information may be found by visiting wellness.uchicago.edu.

Eligibility and Covered Services

Eligibility for services at UChicago Student Wellness is based on a student being actively enrolled in an eligible program of study. Most degree programs that convene full-time on the Hyde Park campus are eligible. Students in certain registration statuses (e.g., Study Abroad, Pro Forma) are not eligible. For questions about whether your program is eligible, please contact your dean of students or call UChicago Student Wellness at 773.834.WELL.

Students not registered in courses during Summer Quarter but who remain active in an eligible program (meaning students who have not graduated, are not on a leave of absence*, and who are expected to continue their studies in the Autumn Quarter) are able to access UChicago Student Wellness during the summer.

The table on the next page lists UChicago Student Wellness services that are covered, at no cost, for eligible students. Items not covered are the responsibility of the student or the student's health insurance provider. If you have questions about the costs of care, please ask any of our staff members. When referred by your UChicago Student Wellness service provider for other services, be sure to confirm whether those services will incur charges. Covered services must be performed within UChicago Student Wellness by our clinical staff. Please check with your insurance representative to confirm coverage prior to your visit or procedure. It is the student’s responsibility to understand the terms of their health insurance coverage; our staff are not able to advise on specific health insurance plans. Students on U-SHIP can consult with the on-campus insurance staff. For more information, review our education material on costs and options for care outside UChicago Student Wellness.

*Students on a Medical Leave of Absence who are enrolled in U-SHIP remain eligible for UChicago Student Wellness, per University policy (for more information, visit the Student Manual).

Medical Services

UChicago Student Wellness is a primary care practice providing acute care as well as routine medical services. Routine gynecologic care is provided by nurse practitioners as well as medical doctors. Musculoskeletal and orthopedic injuries are overseen by a sports medicine staff member (an attending physician, sports medicine fellows, and a certified athletic trainer).

UChicago Student Wellness is an appointment-based service. Should you happen to walk in with an acute problem, a triage nurse will meet you and do an initial assessment to determine the urgency of your concern and schedule you accordingly. Students with urgent and acute issues will be given an appointment in a timely fashion. If you are in need of routine care or recommended screening tests, please remember to make your appointment in advance. Many routine gynecological appointments and travel consultations are booked 4-6 weeks in advance, so it is important to plan ahead. Students are not charged for most services provided in UChicago Student Wellness. If you have questions about whether a service is covered, please ask to speak with one of our care navigation staff members who will be happy to assist you. There is also confidential, evidence-based testing for sexually transmitted infections.

Medical Advice

We are always available to answer your medical questions. During business hours, a member of our staff is available to assist, either immediately or via callback. After hours, a qualified nurse is available to provide advice and help guide you to the appropriate setting for your concern. The after-hours nurse line also provides a report to the clinic about all students who called so that our staff might follow up, if appropriate. You may call 773.834.WELL to reach us.

Emergency Care

Emergency Room services are not covered services; they will be charged to students and/or their health insurance. If you are unsure whether you should go to the Emergency Room, call UChicago Student Wellness at 773.834.WELL to determine if emergency treatment is necessary. The Emergency Room is not appropriate for most earaches, stomach flu, sore throats, or obtaining referrals.

If you do go to the Emergency Room, it is important that you tell the Emergency Room staff members you are a student, and that you have your insurance card and student ID card with you.
Urgent Care/Convenience Care Clinics

There are several urgent care and convenience care clinics in Hyde Park. Some have evening and weekend availability, with the option to make appointments online, but please visit their websites or call to confirm. These options include:

Premier Urgent Care: 1301 East 47th Street

CVS Minute Clinic: 1228 East 53rd Street

Advocate Clinic at Walgreens: 1554 East 55th Street

Please know that the University does not endorse nor does it cover the costs of treatment at these external clinics.
Local Pharmacies

The following are the nearest pharmacies to the Hyde Park campus. Please check websites or call for pharmacy hours.

**UChicago Medicine Pharmacy in the Duchossois Center for Advanced Medicine (DCAM)**
5758 South Maryland Avenue, Chicago, IL 60637
888.824.0200

**CVS**
1228 East 53rd Street, Chicago, IL 60615
773.752.1425

**CVS (in Target)**
1346 East 53rd Street, Chicago, IL 60615
773.667.0438

**Walgreens**
1554 East 55th Street, Chicago, IL 60637
773.667.1177

**Jewel-Osco**
6014 South Cottage Grove Avenue, Chicago, IL 60637
773.358.4301

**Walgreens**
1320 East 47th Street, Chicago, IL 60653
773.373.6147
Counseling Services

Our clinicians are available to assist and support students with an array of mental health concerns, including: the transition from home to school, academic stress, relationship issues, depression, anxiety, substance misuse, and eating concerns, among others.

Appointments are made over the phone by calling 773.834.WELL. The initial appointment is where the student has an opportunity to describe their chief concerns. The clinician determines the mental health services that can best assist the student and provides referral to other resources as needed. The clinician also can facilitate a consultation with psychiatry services if appropriate.

Psychiatric Services

Psychiatric Evaluations are offered along with long-term medication management services. Urgent psychiatric consultations are also available when indicated.

Let's Talk

Let’s Talk is a program that provides drop-in access to informal, confidential, and anonymous (if you wish) consultations with counselors from UChicago Student Wellness. No appointment is necessary. Let's Talk is typically offered multiple times a week.

Academic Skills Assessment Program (ASAP)

ASAP assists students who are having academic difficulties, including test anxiety, procrastination, study skills deficits, and other kinds of learning concerns. Individual ASAP meetings can be scheduled, and ASAP workshops are offered.

Support Spaces and Workshops

Weekly workshops and support spaces can help students cope with stress, receive support, and connect with their peers.

Urgent/Crisis Appointments

Students who need to speak with a therapist urgently can call 773.702.3625 to speak with a clinician 24/7/365. Students also can ask for the clinician on-call during business hours by calling the Student Wellness Center at 773.834.WELL.

TimelyCare

TimelyCare offers on demand and scheduled services to enhance students’ access to additional mental health support. Students who are eligible for the services offered by UChicago Student Wellness can receive free virtual mental health care through TimelyCare.
Health Promotion Programs and Services

UChicago Student Wellness is committed to promoting healthy lifelong behaviors and empowering students to improve their quality of life and reach their highest potential. We do this by developing innovative initiatives that focus on seven key facets of wellbeing and by helping to enhance the environment and community at UChicago.”

Our staff works to understand UChicago students’ needs and assists them in achieving their optimal wellbeing by offering information, resources, and programs, including:

- Alcohol and other drug education and support
- Body acceptance
- Creating social connections/relationships
- Healthy relationships
- Managing school/life balance
- Mental wellbeing
- Mindfulness meditation and restorative yoga
- Safer sex and contraception
- Sleep health
- Stress management
- Student Recovery Group
- Time management and study skills
- Wellness Coaching

We also offer population-specific initiatives/topics by request. To find out more and to discuss how we can support you, please contact healthpromotion@lists.uchicago.edu or 773.834.WELL.

Mental Health First Aid (MHFA) Training

UChicago Student Wellness facilitates free Mental Health First Aid trainings each academic year. MHFA is an 8-hour training designed to give participants the skills to help someone who is developing a mental health problem or experiencing a mental health crisis. The course uses role-playing and simulations to demonstrate how to recognize and respond to the warning signs and symptoms of a mental illness or emotional crisis. Research demonstrates this program’s effectiveness in increasing knowledge of mental health concerns, dispelling myths and misunderstanding, and enabling those trained to offer concrete assistance. Over 1,500 students, faculty, and staff have been trained in MHFA at UChicago.

Peer Health Advocates (PHAs)

Peer Health Advocates (PHAs) are specially trained students who are committed to advocating for the health and wellbeing of their peers. PHAs work to promote healthy choices and encourage students to use UChicago Student Wellness and other campus services.
University Student Health Insurance Plan (U-SHIP)

The University requires all students to carry health insurance that covers, among other costs, hospitalization, specialty care, prescription drugs, and outpatient diagnostic and surgical procedures provided within the Chicago area. The University Student Health Insurance Plan (U-SHIP), administered by UnitedHealthcare Student Resources, meets this requirement. Eligible students can meet this requirement either by enrolling in U-SHIP or providing proof that they have comparable coverage.

In keeping with this requirement, all students registered in an insurance-required program who have not enrolled in U-SHIP or provided proof of comparable coverage are default enrolled in the University Student Health Insurance Plan (U-SHIP) at the end of the enrollment/waiver period, which is the third week of Autumn Quarter (or your first quarter of enrollment as a student).

Students who are eligible to waive out of U-SHIP and wish to do so must affirm possession of alternate comparable coverage before the enrollment/waiver deadline. Details about U-SHIP coverage, benefits, enrolling dependents, and the waiver process can be found on the StudentInsurance website.

Effective 9/1/21, U-SHIP enrollment is required for all PhD students at the University of Chicago. As such, PhD students are not eligible to waive U-SHIP with comparable coverage. Individual student premiums will be paid for PhD students at no cost to them.

Students are encouraged, but not required, to first go to UChicago Student Wellness to receive medical and/or mental health services unless they are experiencing an emergency. Most services received at Student Wellness are covered, at no cost, for students in eligible programs. For a list of services provided by Student Wellness visit: https://wellness.uchicago.edu/about/services.

Additionally, for medical services, students on U-SHIP may visit any UnitedHealthcare Choice Plus Network provider directly. No referral is required. The list of providers in the Choice Plus Network is available through the student’s MyAccount with UnitedHealthcare StudentResources. Co-pay and co-insurance charges will apply as per the policy.

For psychotherapy services, students on U-SHIP may choose to see a provider on the Student Wellness community provider list for a special $10/copay arrangement per visit. To take advantage of this special arrangement, please contact Student Wellness for a brief initial consultation. After this brief consultation, Student Wellness can suggest community providers who may best address your needs.

Students on U-SHIP may also seek psychotherapy and other covered mental health services from a provider in the United Behavioral Health Network. No referral is required. The list of behavioral health providers can be found by accessing “Live and Work Well” through the student’s MyAccount with UnitedHealthcare StudentResources. Co-pay and co-insurance charges will apply as per the policy. The special $10 co-pay does not apply to these providers, unless they are also on the Student Wellness community provider list.

If you are enrolled in U-SHIP, on-campus U-SHIP coordinators are able to answer questions about your covered health benefits and other topics related to U-SHIP. Contact the on-campus coordinators at 773.834.4543 (select option 2) or at uchicagoadvocates@uhcsr.com.
Pharmacy Discount for U-SHIP Enrollees

A special arrangement with the University of Chicago Medical Center’s Duchossois Center for Advanced Medicine (DCAM) Pharmacy enables students enrolled in U-SHIP to receive three months of prescription for the price of two months of co-pay.* This discount (available only at the DCAM pharmacy) also applies to oral contraceptives (birth control).

*certain exceptions apply.

Optional Dental and Vision Insurance Plans

Each year, students may enroll for optional dental and/or vision coverage regardless of whether they are enrolled in U-SHIP. Optional dental and vision plans are administered by Delta Dental of Illinois, Cigna, and UnitedHealthcare. Students are informed of these optional plans (both dental and vision) via email at the beginning of Autumn Quarter. A second opportunity to enroll in plans is offered at the beginning of Spring Quarter. Enrollment is done online, and premiums are paid directly to the insurer (no charges appear on your student account). Additional information about these plans is available on the StudentInsuranceWebsite.
