of English

Language Petition Form

Student name: _____ UCID: _____

Student email: _____

College advisor: _____

I am petitioning to fulfill the language distribution requirement:

_____ by virtue of having lived and been formally schooled in a country other than the United States where I gained understanding of more than one culture and competence in a language other than English. I have described my situation below and am attaching documentation (e.g. copy or scan of school transcript or report card) documenting this experience.

_____ based on my language placement results. If placed into a 20200 course or equivalent, I have taken that course and completed it with a quality grade (attach copy of transcript or scan of quarter grade). If placed into 20300 or higher, I would like to receive credit for the two previous sequence courses (ex. 20100 and 20200) for the compelling academic reasons described below:

Note: Students who petition out of the language distribution requirement still must take 13 classes in total for the English major. An approved petition enables them to count ENGL electives towards the language distribution requirement.
