Performance Space Request

TAPS will accept performance proposals for Theater East or Theater West from RSOs.

Proposals for the academic year should be submitted to the TAPS Director of Dance by 3rd week of autumn quarter. Groups wishing to tour spaces prior to making a proposal should schedule an appointment with the TAPS Production Manager.

Fees, Services, & Building Hours

Dance RSO’s are not charged a fee for use of TAPS spaces.

Marley dance floor will be installed prior to your reservation. Use of the repertory lighting plot and any consumables such as gel are provided.

Production staffing for your performance must include a stage manager, lighting designer and sound technician. TAPS can help you to fill these positions. Student Tech staff can be booked to work on your production at $18 per hour. If budget allows, we can also help to hire professional designers to work on your production.

The Logan Center frequently hosts events in other spaces. It is likely other events will occur during yours. Please be assured that every effort will be made to ensure similarly scheduled events do not interfere with one another.

Access & Use of Space

Access to the space and your production calendar must be coordinated through the TAPS Production Manager. Rehearsals must be scheduled between 6-10pm Monday through Friday. Performances may be scheduled on Thursday, Friday and Saturday at 7:30pm and on Saturday at 2:00pm. The Logan Center is closed daily from 11pm - 8am.

The stage, any permanent structures, walls or curtains may not be painted or altered. Anything that needs to be installed or hung in the theater needs to be coordinated with the TAPS Technical Director.

Alcohol is not allowed in the theaters or any associated spaces. In accordance with local ordinances, live flame is not permitted onstage.
